

This country was founded in the belief of freedom of expression and is struggling to appreciate and celebrate diversity in all it's forms. Diversity of ideas and freedom to express them is challenged by this initiative. The more stations and entity can own, the more a single policy change can affect what the listening audience can hear. Take Clear Channel's stance on broadcasting the Dixie Chicks music just be cause they don't have the same political agenda. Let's keep the airwaves open for the public. We all benefit from more variety (in programming and opinions and music. Keep the limits of radio station ownership where they are or DECREASE the number.
